### **DETAILED ACTION**

In response to the amendment filed 7/25/02, claims 1, 2, 12, 13, 20 and 28-30 have been amended and claims 31-43 added. Claims 1-43 are pending.

### ***Election/Restrictions***

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 20-28, 30-31, 33, 35 drawn to method of making a laser, classified in class 438, subclass 22+.
  - II. Claims 1-19, 29, 32, 34, 36-43, drawn to laser diode, classified in class 372, subclass 45.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions of Group I and Group II are related as process of making and product made. The inventions are distinct if either or both of the following can be shown: (1) that the process as claimed can be used to make other and materially different product or (2) that the product as claimed can be made by another and materially different process (MPEP § 806.05(f)). In the instant case that the product as claimed can be made by another and materially different process from process, e.g. a process that does not require a substrate and the lower cladding being n-doped, or a process that requires an upper confinement and an upper cladding, or a process not requiring an "interruption" step.

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
